

### ...Bus Walk Tiny Tots Program Scheduled

(Continued from Page A-1) Herald Friday he felt it more important to reduce the size of classes than to spend money for buses. His own son, Lynn said, is in a class of 39 students this fall.

"I'm for the complete elimination of the buses," he added. The only exception, Lynn noted, is when a child must attend classes in an "unnatural location."

Hanson, board president, said he first told the group he would be happy to walk with them at some other time. "I'm a working man," Hanson said. He later told the Press-Herald he would take half a day's vacation from work and join in the walk.

DR. KURT SHERY said he would make the walk anytime he isn't working, but that he cannot join the walk tomorrow. Dr. Shery did indicate he will walk the route himself, timing the walk and observing conditions.

"Our contention is that this route is hazardous for small children," Mrs. Meade, who organized the walk, told the Press-Herald. She said two factors, a 45-mile-per-hour speed limit along Pacific Coast Highway and slides which obscure the newly installed sidewalk, make the route dangerous.

About 130 children rode the school bus last year, and half that number are in the primary grades, she said.

SHE HOPES the walk will demonstrate to school board members that the route is dangerous and thus convince them to restore bus service. A large delegation will attend tomorrow evening's session of the board, she added.

Mrs. Meade told the Press-Herald the walk is not a protest nor a demonstration. There will be no signs. "We want to maintain the dignity of the school board," she said, "we just want them to see the walk."

The 20-minute walk is scheduled to begin at 8:30 a.m. The group will leave from the Newton School gate, walk up Nancy Lee Lane to Newton Street, west to Calle Mayor, and along Pacific Coast Highway to the Park.
